Terry/Josh,
The RWA needs some correction. Please see email below, and make the correction to Block 5. This should be the Swing Space address which is the same as in Block 7. It also appears that block 5 and block 6E information got switched. Place make the correction to block 6E as well.

Please leave BLANK block 11A.

Please make the necessary correction and resubmit to me.

I will address all other issues mentioned below.

Thanks

Good morning Danny

The attached RWA package is being returned to you for the following reasons.

- Block 5 & 7 work location information do not match.
- Block 11- Start date has passed (LEAVE BLANK)
- Block 23B - cite the Lease Number
- Block 24A date has passed
- Please provide Building #
- IGE and Summary of Cost Estimate has "Design" cost category. However, per submitted project schedule, it appears the design phase has already passed. Would you please explain how does this RWA scope of work tie to the project schedule? Based on your explanation, we might need to update the Summary of Cost Estimate.

When you forward the revised RWA package, please also provide a lease expiration date in the e-mail as well.

Thank you
